

For over 30 years our family has been in the restaurant business and from the beginning we have served authentic Mexican-food and Seafood. Due to life changes within our own family, we have embraced and are understanding the benefits that a vegan meal can bring to our community. This has inspired us to add a full vegan menu. We also enjoy being a restaurant that can offer families who may have members with different dietary lifestyles a place where they can come and enjoy a meal together. With each meal you are supporting a small family-owned business and a dream.

With great appreciation- La Charrita Family
